

BMxPad

Tablets for business

4 – in – 1 computer

Tablet + laptop + desktop PC

What device do you need for use on the road for work, at home at any place ? One device is enough apart from your phone !

Now there is one device 4-in-1 that you can use anywhere,

on the road as a laptop or a tablet, in the office and at home as a desktop. Have your PC with screen everywhere with you.

You need only one device, one licence, one security, etc., synchronisation is not necessary, also when not in the cloud.

Everything on hand. In your briefcase less than 1 kg.
